

# Filavia Bagno

## Concentrated cleaning spray

### What it's for

Filavia Bagno is a product with a slightly acid reaction which cleanses in-depth, removes scale and gives a splendid shine to all bathroom surfaces: sanitary fittings, taps, shower cubicles, ceramic floor and wall tiles, etc.

### How it's used

Dilution: do not dilute.  
Application: Spray Filavia Bagno onto the surface for cleaning, keeping the bottle vertical about 15 cm from the application point. Leave to act and then wipe with an absorbent cloth.

### Containers

750 ml bottles with spray trigger in cartons of 12.

### Composition

Non ionic and cationic surfactants, inorganic acid, water-soluble solvents, anti-foam agent, colorant E131 and water.

### Precautions

Do not use on polished, glossy marble, and use with caution in its vicinity. Contains anionic category surfactants with biodegradability over 90%. Keep out of reach of children.

### Technical characteristics

Appearance: blue liquid.  
Odour: citrusy.  
pH: 2.2  
Density: 1.001 kg/litre

### Quantity

Depending on the type of dirt and surface to be cleaned.

### Labelling

No risk and safety labels or warnings are required since this product is not classified as hazardous under current regulations.
